4XL	134-139	53-55

Laundry & Care Instructions

The following information are general care guidelines, please refer to the technical data sheet which is supplied with the garment for definitive care instructions.

Important:

- In order not to decrease the high visibility effect, please note the maximum washing temperature specified on the inside label.
- Use a special detergent for coloured fabrics, without optical brighteners.
- We recommend washing the protective garments separately and not with other garments.
- After washing lay the garment flat and reshape whilst still wet.

4XL	121-128	48-50	31"/79cm	N/A

Maximum Wash Cycles:

The stated maximum number of cleaning cycles (5X) on the product is not the only factor related to the lifetime of the garment. The lifetime will also depend on usage, care, storage etc. This maximum number of wash cycles is limited to the products material/fabric makeup. The reflective hi-visibility bands on this product however have been tested to a 25x wash cycle.

Instructions for cleaning:

The bright colour Orange material within this garment over a period of time will change from its original shade to a lesser shade of orange. Discolouration will/can occur through the incorrect washing of the garment, the use of excess and harsh detergents, the environmental conditions the garments are/have been used in, prolonged UV light exposure, prolonged exposure to dirt and grime. Use of the product other than that intended.
